

INDIANA AND MICHIGAN STATE HAPPENINGS

TO RAISE \$5,000 FOR
WHITE PLAGUE FIGHT

Elkhart County Anti-Tuberculosis Society to Begin its Campaign Today.

News-Times Special Service: ELKHART, June 1.—With the avowed purpose of wiping out the dreaded white plague, tuberculosis, from Elkhart county, a campaign will begin Thursday to raise \$5,000 for the Elkhart County Anti-Tuberculosis society, under whose auspices the war against consumption and allied diseases has been made.

It is the aim of the society to give everybody in Elkhart a chance to make a contribution. A meeting was held at the public library on Wednesday night, when the city was divided into districts and captains appointed for each. The captains will name their aids and Thursday the campaign of solicitation will be begun. With each contribution received the donor will be given a receipt showing the amount contributed.

Miss Gwynedd Webster, the county visiting nurse, employed by the society, has done a wonderful work during the short time she has worked in the county, but has found conditions so deplorable and so much work to be done that a plan has been outlined whereby another nurse will be hired to assist in the task in Elkhart city and vicinity. In this way the society hopes to have the situation well in hand within the next 30 days.

Over 100 bankers from various northwestern Indiana towns and cities will be Elkhart's guests Thursday, when the seventh annual meeting of Group Two of the Indiana Bankers' association will be held in the Century club. The Elkhart banks will close at noon for the remainder of the day. The "group's" business session will begin at 11:15 a.m., and a luncheon will be served in the club cafe at 12:15 o'clock. The business and professional men and manufacturers of the city are invited to attend the proceedings, which will follow the luncheon, consisting of a discussion of banking affairs, taxation, etc., interspersed by musical numbers. Mayor Smith will make an address of welcome.

Vernon Ball, manager of the Miller Art store, escaped with slight injuries Wednesday when, while riding his motorcycle, he was struck by an automobile driven by F. M. Shupert, at Main and High sts. Mr. Ball sustained a gash in the calf of his right leg which required three stitches to close.

Mr. Ball had just started to turn off of Main st. into West High st., when Mr. Shupert, driving from the north, struck the rear of the machine, throwing Mr. Ball to the ground. Mr. Ball believes that the injury to his leg was caused by one of the pedals.

Miss Emma Charlotte Magnuson, 28 years old, died in Epworth hospital, South Bend, at 9:30 o'clock Tuesday night. Death was due to pneumonia poisoning, after an illness of 12 hours, during which Miss Magnuson was but partially conscious. When taken to the hospital and asked about relatives she gave the address of a sister in Chicago, but did not mention two brothers here. When the sister, Miss Harriet Magnuson, reached the hospital after 4 o'clock, she called her brother, Roger Magnuson, of the Central Fire company, who reached his sister before her death. She was born on Feb. 12, 1882.

The body was brought to the C. E. Walley undertaking rooms in this city Tuesday night. Funeral arrangements have not been completed.

LIKE A BOY AT 50 BUBBLING OVER
WITH STRENGTH AND ENERGY
TAKING IRON DID IT

Doctor says Nuxated Iron is greatest of all strength builders—Often increases the strength and endurance of delicate, nervous folks 200 per cent in two weeks

NEW YORK, N. Y.—Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of strength and energy as a young man. In fact a young man he really was notwithstanding his age. The secret, he said, was taking iron. Nuxated Iron had filled him with renewed life. At 30 he was in and he had been in the same way nearly all in. Now at 50 a miracle of strength and energy and his face beaming with the buoyancy of youth. I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of millions of persons might be saved, who now die every year from pneumonia, grippe, consumption, kidney, liver and other diseases. The real and true cause which started their diseases was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it and as a consequence you become weak, pale and sickly looking just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test. See if you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength

DEPAUW DANCELESS
ANOTHER FOUR YEARS.

International News Service: GRIFFIN, Ind., June 1.—Somebody had created false hope among numbers of Depauw university co-eds. They had a firm conviction that the Methodist general conference would change the rule against dancing. So firmly did they believe the "inside tip" that several dancing clubs were in the process of formation before the general conference dealt a death-blow to their plans.

They were fully prepared for a "recommendation" against dancing in Methodist universities. Of course, they did not have to accept the "recommendation." That would be a very light obstacle. But now—well, Depauw will just be "danceless" for another four years, at least in public.

Arrangements have not been completed.

Miss Magnuson, who was a stenographer, had worked for the Lake Shore here and in Toledo, and later had been employed in Detroit and Chicago, and had been in South Bend only two weeks when stricken.

Surviving Miss Magnuson are four brothers, John and Gus Magnuson of Detroit, and Axel and Roger Magnuson of this city, and a sister, Harriet. She was daughter of Charles and Carrie Magnuson, both deceased.

GAIN OF 5,690 SCHOOL
CHILDREN IN INDIANA

Enumeration Shows 774,318 of School Age—St. Joseph Co. Has 25,051.

News-Times Special Service: INDIANAPOLIS, Ind., June 1.—Figures made public today by Charles Greathouse, superintendent of public instruction, show that a gain of 5,696 persons between the ages of 6 and 21 was made in the state last year. The enumeration also shows that there are at present 774,318 persons in the state between the ages of 6 and 21. The enumeration was made in all counties in April, and is the basis upon which a distribution of the state revenue for tuition is made.

Statistics prepared by clerks in Greathouse's office show that the last enrollment of pupils in the school amounted to 552,927, and the average daily attendance was 452,765, or more than 100,000 pupils were absent each day of the school year.

FARMER IS ACCUSED
Teacher Declares She Was Attacked on Way to Work.

News-Times Special Service: KALAMAZOO, June 1.—David Ellis, a farm hand, is held in jail pending an investigation into an alleged attack upon Miss Katie Roe, a school teacher. Miss Roe claims that while she was walking to her school house, five miles north of this city, she was attacked by Ellis and she drove him off by jabbing her hat into his side. She ran to a house nearby, where she fainted after telling of the incident. Ellis denies knowing anything about the attack.

News-Times Special Service: MONROE, Mich., June 1.—A man giving his name as Charles Pease, 48, laborer, East Douglas, Mass., fell off a northbound Michigan Central freight train here and both legs were cut off below the knee.

"DIRTY PEOPLE MAKE
DIRTY TOWNS"—HURTY

State Health Commissioner Says Town is Mirror of Kind of Lives Led.

News-Times Special Service: INDIANAPOLIS, Ind., June 1.—Dr. J. N. Hurty, state health commissioner, was asked to answer the question: "Why is a dirty town?"

The answer of Hurty came in the form of a statement. It follows: "The reason we have so many dirty towns is because there are so many dirty people. Some towns smell bad, but in such the inhabitants smell bad first. No town is in itself bad; it is the people who are bad. The town is a mirror. It reflects the people. A man who is clean in mind will be clean in person; he will have a clean front yard and a clean back yard."

"A littered dooryard and a dilapidated house reflects a littered and dilapidated mind. 'If an overrunning outhouse borders the alley, it is because the instinct of decency and cleanliness is woefully absent in the owner or tenant, or both. The old proverb, 'Cleanliness is next to Godliness,' was changed by Gov. Thomas R. Marshall to 'Cleanliness is essential to Godliness.' No cleanliness, then of course no Godliness. A dirty town is an ungodly town."

"Some towns, yes, many towns, have flies on them. They have flies on them because they are dirty. They are ungodly for that very reason."

Hits Dirty Churches.

"A town may have several churches and many church-going people, but if it is a dirty town it is ungodly. I sat on the porch of a house in a certain town one summer evening. It was hot and sultry. Every once in a while a gentle movement of the air would bring foul odors to my nose. What kind of people are there who permit such things? Are they strong minded or clean?"

"Think of people so disposing of their sewage as to poison the air and make it possible for flies to transport unspeakable filth to their food. Why shouldn't such people have typhoid fever? They invite it, don't they? Surely, every man is the architect of his own fortunes. Foul surroundings and flies breed typhoid."

"A naturally dirty man cannot be made into a clean man. It is because he is a dirty man. It is an iron law of nature that only those who may be saved who can accomplish their own salvation. Dirty towns will disappear when clean people predominate. 'Slow town' will always have flies on it."

IRVINE PUT ON TRIAL

Former Kazoo Clerk Facing Charge of Embezzlement.

News-Times Special Service: KALAMAZOO, June 1.—Harry F. Irvine, former municipal court clerk, who is held on a charge of embezzlement of city funds, went on trial yesterday. Irvine has twice made his escape from the officers, both times being caught on the Pacific coast. His first arrest followed an investigation into the conduct of his affairs, when on a salary of \$50 per month he maintained two big homes, one in the city and the other at Gull lake, and kept two large automobiles. It was found that nearly \$10,000 of the city's funds had been juggled.

News-Times Special Service: TERRE HAUTE, Ind., June 1.—Fred Wyman, 22 years old, was drowned near Fort Harrison while swimming in the Wabash river. The body has not been recovered. Wyman was a junior at Rose Polytechnic institute and lived at Silver City, New Mexico.

WITNESS TELLS OF VICE
CONDITIONS IN MUNCIE

Furnace Dealer Said He Collected Hush Money For Deputy Prosecutor.

News-Times Special Service:

MUNCIE, Ind., June 1.—Lloyd W. Yount, young furnace dealer and formerly a slot machine owner, continued his story in the circuit court today of how Gene Williams, deputy prosecuting attorney, extended police protection to blind tiger operators, gamblers and resort keepers, for which it is claimed he received large sums of money. Williams is now being tried on an indictment jointly charging Williams, Mayor Burch and police officials with conspiracy to solicit and accept bribes. This morning Yount testified that Williams was interested in a house of ill fame and collected money each week from another one. Yount said Williams engaged him to make collections from resort keepers and promised to pay him \$15 a week.

Under the vigorous cross examination of Atty. Phil O'Neil for the defense, Yount was visibly worried. Questioned closely as to dates when he claims he paid Burch and Williams their share of the profits from the slot machines, he seemed to have only a muddled recollection and this was made much of by the defense. Most of the cross examination was a review of Yount's direct testimony and brought out little news.

LAFAYETTE NEWSPAPER
OWNER DIES SUDDENLY

W. Burt Wilson, For 21 Years Editor of "Journal" Dead at His Home.

News-Times Special Service: LAFAYETTE, Ind., June 1.—W. Burt Wilson, for 21 years owner and editor of the Lafayette Journal, died suddenly at his home here. He began his newspaper career on the Urbana, Ill., Herald, and later worked on the Danville, Ill., News and the Indianapolis Sentinel. He retired from the newspaper field in 1908, but at the time of his death was engaged in several enterprises, being treasurer of the Esterline Co. of Indianapolis, and a director of the American National bank of this city. Mrs. Showalter died suddenly while alone Monday and a grandson died two weeks ago.

POISON PILLS FATAL

Thinks Strychnine is Candy—Discovers Mistake Too Late.

News-Times Special Service: BAY CITY, June 1.—Dora, 6-year-old daughter of William Yax of 30th st., mistook strychnine tablets for candies, ate some and died one hour later.

Members of the household found the child playing with the pills and took them from her. She had secured them from a table, where they had been left after the father had taken them as prescribed by a physician. It was not thought at first that the child had swallowed any of the pills, but in a short time she was in convulsions.

Three physicians could do nothing to save her life. They believe she swallowed at least 10 of the tablets. Yax is a fisherman and has seven other children.

BRAZILIAN GETS SLAPPED;
SEEKS CHICAGO CONSUL

International News Service: VALPARAISO, Ind., June 1.—Uncle Sam may find need for some of the battleships he has been voting recently, and find need very soon. Jose Saffiere is authority for this assertion. He is a Brazilian student at Valparaiso university. He will be the cause belli, or something like that.

Jose, who says his father is a senator in the Brazilian parliament, and a Rio de Janeiro millionaire, declares he was slapped and put into a barrel by several young men at Flint lake. The sheriff refused to make any arrests, the Brazilian asserts, and he has been in communication with the Brazilian consul in Chicago.
